Webmail Access Through Roundcube

Included are the instructions for accessing email on any computer via web browser (Chrome, Safari, Firefox, Opera, Edge, etc.) when away from your workstation. Webmail offers convenient access from anywhere – fully synchronized with all of your devices.

1. Log on to Roundcube.

- A) Go to the website address (URL) provided and log in with your credentials using your full email address. In this example, the Chrome browser is being used for <https://webmail.mindpackstudios.com>.

- B) For best security practice, logout and exit the browser fully.
